March 19, 2020

To our valued Guests,

Given the unprecedented circumstances locally and globally, we have been diligently complying with the advisories from all levels of government. At this time, as the Covid-19 virus continues to spread, we at MCC Golf Operations would like to continue to put the safety of our employees, guests and Community as our highest priority. We have made the decision to close the University Golf Club as of end of day March 19, 2020.

At this time, we cannot commit to how long the closure will be but we will continue to monitor the situation.

Based on our Corporate values of looking after our people, we will be supporting our employees affected by the closure. We are sensitive to the financial burden that results from our decision and we will be supporting our team members to help minimize this impact with various resources.

As we do our part in helping stop the further spread of the Covid-19 virus, we will continue to monitor all health and government advisories. We look forward to opening our doors again when all things return to normal. We wish you and all your loved ones to stay safe and healthy.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Mather', is positioned above the typed name.

Michael Mather
Director of Golf Operations
